HI FOLKS,

Welcome to CWM's first "*Monthly Mailer*". It is our aim to keep you up to date 'in between' the issues of our **CETF** and **Vanguard** publications by means of this regular mailer.

If you're not already receiving these two free publications, we encourage you to place your name on our mailing list (contact Lester by email - see below) as they are invaluable for presenting a biblical apologetic for our faith and to counter the false teaching that abounds today.

We plan to use this mailer to inform you on current news items of what's happening in the church, any late breaking news which surfaces between issues, let you know what's happening within CWM itself, and to make mention of any resources available to help you in witnessing or to just encourage you in your Christian life and walk.

For now, besides introducing the *Monthly Mailer*, we would like to advise that our much awaited **Vanguard** will be in the mail by the end of the month. There have been many delays with this issue, but we think it's going to be well worth the wait. Our popular **Unmasked series** will be back this issue, where Neil Richardson has tackled **Brian Houston**, General Superintendent of Australian AoG and pastor of one of the biggest churches in Australia.

We hope you find this *Monthly Mailer* useful... please forward it onto your friends.

God bless you.

PHILIP POWELL
